Pack 144 Jeff Grose Community Service Award

All the Cub Scouts of Pack 144 are encouraged to earn this community service award by performing at least twelve hours of volunteer works for a non-profit organization or person in need over the course of their time in Pack 144. Earning this award is a great way for boys to learn about their community and to experience the reward of helping other people. In addition to den and pack service projects, here are some things boys have done to earn their awards:

- **Be a crossing guard at school**
- **Take part in a concert at a retirement home**
- **Help at a garage sale to benefit a church**
- **Perform yard work for elderly neighbors**
- **Collect items for a food bank**
- **Help prepare meals for homeless people**

Here's a handy form for tracking your cub's hours. Once your cub has accumulated 12 hours, just notify your den dad in time for the next awards ceremony.
